

PRAYER: PEACE WITH JUSTICE SUNDAY

Gracious God, as we look at the world, we recognize its desperate need for a Savior to deliver her from endless crisis, injustices, conflict and pain.

We see a real need for your peace and justice to touch her borders, bringing with it the light of your hope and salvation.

Penetrate the church body and help us to be an instrument of your peace in our areas of influence - friends, family, church and community—to manifest this reality of hope.

Create in us the ability to be injustice breakers through public speech, prayer and advocacy when we see our brothers or sisters held by systems of discrimination and unfairness.

Break down any barriers within your church body and allow her to arise and proclaim your righteousness for peace and justice sake.

Your throne, O God, will last forever and ever; a scepter of justice will be the scepter of your kingdom (Hebrews 1:8). Amen.
