OUR REACH IS BEYOND MEASURE

WHAT ARE CONFERENCE SUNDAYS?

When we contribute to conference offerings, we directly impact lives in our communities. Our support extends to various aspects such as Christian education, health and welfare ministries, local and rural outreach, ensuring full inclusion of individuals with disabilities, and enabling volunteers in mission. The dates for these Special Sundays are determined by each Conference.

Conference Sundays support
and develop programs locally

**WHAT IS CHRISTIAN EDUCATION
SPECIAL SUNDAY?**

Many people find community and personal growth through Sunday School, small groups, and youth group experiences. These formative encounters often shape their faith journeys, with ongoing Bible study serving as a guiding force. With this support, congregations and districts offer educational and small-group programs that enrich faith and inspire service in their communities and beyond. On Christian Education Sunday, we honor the dedicated teachers and leaders who invest their time and effort in helping others strengthen their faith.
