OUR REACH IS BEYOND MEASURE

WHAT ARE AWARENESS SUNDAYS?

Celebrations bring joy, reflection, and connection, both in our personal lives and within our church community. They remind us of our blessings and the faith that unites us. United Methodists observe five special Sundays, without a collection, to highlight ministries that enrich our spiritual journey and strengthen our bonds.

OUR REACH IS BEYOND MEASURE

Awareness Sundays affirm our shared values and deepen our gratitude for each other

WHAT IS LAITY AWARENESS SPECIAL SUNDAY?

In early American Methodism, laypeople were crucial in sustaining congregations between visits from circuit riders, a role that was essential then and remains significant today. Traditionally observed on the third Sunday in October, Laity Sunday is a meaningful expression of the belief that all are called to participate in God's mission and fulfill the ministry of the church. This day serves as an opportunity to recognize the important role and responsibility of laypeople, celebrate their faithful witness, and acknowledge their leadership both within the church and in their everyday lives.
