

ORGAN AND TISSUE  
DONOR SUNDAY

**TOGETHER**

OUR REACH IS BEYOND MEASURE

**WHAT ARE AWARENESS SUNDAYS?**

Celebrations bring joy, reflection, and connection, both in our personal lives and within our church community. They remind us of our blessings and the faith that unites us. United Methodists observe five special Sundays, without a collection, to highlight ministries that enrich our spiritual journey and strengthen our bonds.

ORGAN AND TISSUE  
DONOR SUNDAY

# TOGETHER

OUR REACH IS BEYOND MEASURE

Awareness Sundays affirm  
our shared values and deepen  
our gratitude for each other

## WHAT IS ORGAN AND TISSUE DONOR AWARENESS SPECIAL SUNDAY?

Frequently, we underestimate the value of our health. We casually mark the organ-donation box on our driver's license and typically don't give it much thought afterward. However, when either we or a loved one requires an organ, cornea, or tissue transplant, the matter suddenly becomes deeply personal. This is why Organ and Tissue Donor Sunday holds such profound significance. Commonly observed on the second Sunday of November, this Special Sunday serves as an occasion for United Methodists to unite around the issues of life, appreciation and thanksgiving.
